

Show me the **least expensive shoe storage**.

start on homepage

`search_product('1724', 'shoe storage')`

```
def sort_listings(sort_dropdown_id: str, sort_option: str):  
    """Sort product listings using the sort dropdown.
```

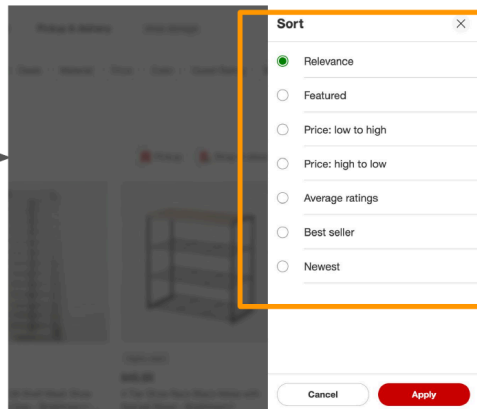

Args:

sort_dropdown_id: ID of the sort dropdown element
sort_option: Sorting option (e.g., "Price", "Newest")

Examples:

```
sort_listings('1235', 'Price')  
"""  
click(sort_dropdown_id)  
select_option(sort_dropdown_id, sort_option)
```

only applies to dropdown menu

click('Sort ⬆️')

opens a new page instead
