

EXAMPLE OF LINTING AND TESTING A CODE SKILL

```
identify_pill(page, imprint="M366", color="White")
```

WARNING parameter 'color' is defined but never used in the function body

```
+ if color:  
+     await page.get_by_role("group", name="Color and shape (optional)") \  
+         .get_by_role("combobox", name="Color (optional)").select_option(color)
```
